

HOUSE OF KREATIONZ

House of Kreationz – Your Solution for Stylish Events

House of Kreationz is a leading events décor styling company, with branches in the Western Cape and Gauteng. Our extensive client-base of brands and companies includes trendsetters and leaders in their respective fields.

Through the collective team we possess a wealth of experience that spans over 20 years. The company focuses on high-end event styling, conceptualising and curating each event into a unique experience. No job is too big or small for our team of creative event planners, meticulous coordinators, resourceful project managers and problem-solving thinkers.

Started shortly after the devastating global pandemic, the birth of House of Kreationz was a huge leap of faith. Kreationz, as we are commonly known, wasted no time in filling a vacuum in the events industry. The events market needed an injection of innovative

ideas, fresh creativity and a spiced-up services offering that would leave clients with an event experience that will be talked about long after the last chair is packed away and every power cord is rolled up.

The Kreationz offering is more than just contemporary event styling – the company's alliances and contacts ensure a seamless turnkey project management solution.

Our overall offering includes, but is not limited to, event conceptualization and styling curation, management, co-ordination, production and planning.

Kreationz boasts a clientele that includes major clients like the CSIR, Big Concerts, ZA Fanzone, GPA Group, Mushroom Productions, Black Creatives, NCPK-SA and Travel with Flair to name but a few.
